User testing for DECO3500 Project

This user testing exercise is for educational purposes only, and is being conducted as a course requirement for DECO3500, a course about Social-Mobile Computing.

You will be asked to interact with a prototype, computer program or system, and/or to answer questions about your interaction. We are testing the design; we are not testing you in any way. The test will require no more than an hour of your time, and potentially less.

Consent is voluntary – you do not have to participate if you don't want to. If you do participate, you may withdraw your consent at any point, and all your data up to that point will be destroyed and not used.

All data collected is confidential and will be kept in a secure location, and your data will be indexed by a participant ID rather than by name.

There is no reimbursement or payment for participation.

I have read the information above and give my consent to participate.

Participant Name: _____

Signature: _____ Date: ____ / ____ / 2017

Researcher Name: _____ Date: ____ / ____ / 2017

Researcher Signature: _____

Researchers:

Lingyun Xie,

Huy Nguyen
